

### TEACHER OUTCOMES

- Better understanding of "the real world"
- Connection to a local corporation
- Direct relationships with professionals in the field
- Better understanding of student skills needed to be successful
- New career awareness for student guidance

**100%** Teachers who would recommend the experience to a colleague.

**100%** Mentors who were able to utilize their professional skills when working with their partner teachers.

**100%** Teachers who feel more confident in having conversations with their students about industry and career pathways.

### MENTOR SPOTLIGHT

*"This was probably one of the most rewarding experiences I have ever done at Google. It was a chance to give back to the community, along with learning so much about what teachers go through. Overall, would recommend to any Googler, as it was such an amazing experience!"*

### TEACHER SPOTLIGHT

*"I didn't even know I was learning half the time!"*

*"This was a very dynamic PD as it helped us to see what students will actually need to do on the job. The time spent was helpful because it lent itself to deeper explorations and questions that developed over time."*

### 2024 IMPACT
